INTERSHIPS

Inlighnx Global

Data Analyst Intern

Nov 2025 - Present

- Performed data validation and quality checks on financial datasets to ensure data accuracy and consistency.
- Conducted root cause analysis to identify discrepancies and data anomalies.
- Developed interactive dashboards using Power BI to monitor KPIs and operational metrics.
- Collaborated with cross-functional teams to support data-driven decision making.

Elevate Labs

Data Analyst Intern

Sept 2025 - Nov 2025

- Built Python-based data pipelines to process and analyze structured datasets.
- Created SQL queries and dashboards for stakeholder reporting.
- Cleaned and transformed raw data using Pandas and Excel.
- Automated reporting processes to improve operational efficiency.

EDUCATION

Railway Degree College

Bachelor of Commerce (Computer Applications) - 85%

2025 - 2025

PROJECTS

Customer Churn Analysis (Python) [🔗](#)

2026

- Analyzed customer demographic and service usage data to identify churn patterns.
- Segmented customers into low, medium, and high-risk groups using analytical techniques.
- Generated actionable insights to support customer retention strategies.

Enterprise Architecture Dashboard Project (Power Bi) [🔗](#)

2025

- Designed an interactive Power BI dashboard to track application portfolio metrics.
- Visualized key indicators related to technology risk, capability maturity, and platform performance.
- Enabled stakeholders to monitor system architecture health in real time.

Banking Management System – SQL Project [🔗](#)

2025

- Designed relational database tables for customer accounts, transactions, and banking operations.
- Developed SQL queries for transaction analysis, balance tracking, and account monitoring.
- Generated reports to analyze customer banking behavior and financial activity.

SKILLS

- **Data Analysis & Tools:** SQL, Python (Pandas, NumPy), Power BI, Advanced Excel
- **Techniques:** Data Cleaning, Data Validation, Exploratory Data Analysis (EDA), KPI Reporting
- **Business Skills:** Problem Solving, Stakeholder Communication, Data-Driven Decision Making
- **Visualization:** Dashboard Development, Data Storytelling
